Rapier400 Prototype

Broadblue Rapier400

Expect superb.

The Rapier400 combines superb styling, a lightweight hull and lighting performance. Designed by Jürgen Peter the R400 has the same saloon/cockpit arrangement as the R550 with fully opening rear doors. With a self-tacking rig, she is built to be fast sleek and responsive and capable of speeds up to 20 knots.

One World. One Life. One Cat.

www.broadblue.co.uk

An incredible combination of high performance, high specification and a radical new design.

The Rapier prefix denotes a new generation of innovative, beautiful high performance catamarans with a true racing heritage, and outstanding class-leading performance. Intelligent electronics and navigation and radically simple, innovative sail handling will be standard, as will the creative contemporary, luxury interiors.

Specifically designed to deliver significant and distinctive innovations and improvements, the new Rapier series will place Broadblue far ahead of the competition for performance catamarans.

The Rapier400, with a cruising speed of 10knots and a capability of 20knots, is a fast, light and extremely good-looking boat. Geared to the performance sailor the Rapier400 will undoubtedly quicken the pulse.
